

Introducing the Culture Assessment

Subject: Centers for Spiritual Living Culture Survey

As you may know, Columbus Center for Spiritual Living is one of over 450 spiritual communities in the global organization of Centers for Spiritual Living. As a part of that global community, we have been asked to help for Centers for Spiritual Living to become the kind of organization each of us would like it to be - a values-driven, visionary organization dedicated to creating a world that works for everyone.

This survey will help us find alignment between your personal values, our current organizational values, and the values that you believe are most important for the development of Centers for Spiritual Living. Your input as a member in our Center is crucial to the success of this effort and will guide us in transforming our culture by changing from the inside.

We will share the results with you when they are completed. We hope you will take an active role by completing the survey and then co-creating an action plan for us to consciously evolve our culture.

This assessment is anonymous, so please provide your honest input which will help guide our organization in consciously evolving our culture to better execute our vision.

The survey takes only about 15 minutes to complete.
