

Whispers of the Soul

A Retreat for Women

June 3 and 4, 2016

Sts. Peter and Paul Retreat Center, Newark, OH

The human soul doesn't want to be fixed, it simply wants to be seen and heard. The soul is like a wild animal – tough, resilient and shy. When we go crashing through the woods shouting for it to come out so we can help it, the soul will stay in hiding. But if we are willing to sit quietly and wait for a while, the soul may show itself. - Parker Palmer

This year's retreat will introduce the influence of Parker Palmer's group, Center for Courage and Renewal. We'll experience material from the Geography of the Soul in our 48 hours together, mixing in music, discussion, and ceremony to urge us toward deeper, more fulfilling experience as the powerful women we are.

It's the perfect time of year to take a break from the demands of life and experience the peace and quiet of this beautiful wooded setting. There's plenty of time for reflection, walks in the woods, and mandala making – just the soul-food you need to refuel for the summer.
